Contributions in the following areas are invited but abstracts in other related areas will also be considered.

- ❖ Physics
- ❖ Chemistry
- ❖ Biology
- ❖ Environmental sciences
- ❖ Natural Resources
- ❖ Mathematics and Statistics
- ❖ Aquaculture
- ❖ Marine Science
- ❖ Geology
- ❖ Medicine
- ❖ Engineering
- ❖ Agriculture
- ❖ Biotechnology
- ❖ Nanotechnology
- ❖ Computer science
- ❖ Engineering
- ❖ Arts
- ❖ Education
- ❖ Sociology
- ❖ Psychology
- ❖ Business and economics
- ❖ Finance
- ❖ Social sciences
- ❖ Linguistics
- ❖ Architecture

WHO SHOULD ATTEND

Scientists, engineers, researchers, academicians, lecturers, teachers, and postgraduates students with research background from universities, research institutions, private company, industries, government link company, teachers training institutes and schools.

BACKGROUND

International Conference on Basic and Advanced Research or ICBAR 2018 was established to promote systematic collaboration in research, development, innovation and commercialization between multidiscipline scientists and industrial practitioners as well as public in the related fields. Following the success of other similar conferences such as International Conference on Science and Natural Resources in April 2016 and 2017 in Malaysia, International Congress on Science and Technology 2017 in Indonesia, United Scientists and Engineers International (UnISE International), is organizing the **International Conference on Basic and Advanced Research 2018** in September 2018. The conference is also supported by the Transactions on Science and Technology journal.

OBJECTIVE

To promote research and development in the field of basic and advanced research among scientists, engineers, lecturers, school teachers, postgraduate students, practitioners as well as individual enthusiasts in fundamental and cutting-edge research.
