SUBJECT: TRANSACTIONS ON SCIENCE & TECHNOLOGY - BRIEF UPDATE (JANUARY 2018)

Release

Date : 31st January 2018

Time : 1000 (GMT+8)

Dear Editors.

Greetings from the management of the Transactions on Science and Technology.

We are updating our website including the Editorial Board member's area. Therefore, those who wants to update their profile, please email me the particulars including new affiliation if you have move to a new institution, new job descriptions/administrative appointment and photo (if you wish to put new photo). In the new website, we intend to include your specialization. Therefore, please send me your expertise area/s to be updated in your information page.

Just a brief update on Google Scholar index, we received almost three time of total citations in 2017 (28 citations) compared to only 11 citations in 2016 with h-Index increased to 3 from 2 in 2016. There number of paper received highest citation (3 citations) also increased three times last year (6 papers) compared to only 2 in 2016.

Google Scholar journal's profile:

<https://scholar.google.com/citations?user=MXzMzIkAAAAJ&hl=en>

We continuously receive recognition and acceptance from academicians where in this month alone (January 2018), we already cited 6 times. If the trends continue, we are expecting citation of more than 60 this year compared to 28 citations last year which reflects more recognition and acceptance.

Thank you all for your supports and help in getting the journal further recognized and accepted by the academic community worldwide. May this year 2018 brings us more success stories especially in terms of recognition and acceptance.

Yours sincerely,

Editor-in-Chief

Publish with us in Transactions on Science and Technology.
