General Guidelines for Structured Session (SS) Organizers

1). Title of the Structured Session:
SS Organizers may decide the title of his/her SS to reflect the contents of the organized SS. However, the title should be as concise as possible

2). Joint organization:
SS Organizers may jointly organize a SS if he/she wishes.

3). Number of paper in a SS:
A Structured Session may have a single or multiple sessions and each session will be constituted with 6-8 accepted papers.

4). Source of papers:
It is preferred that the source of papers such as countries or affiliations of authors are diversified but by no means is a mandatory.

5). Submission of Abstracts/Full Papers:
Authors are asked to submit their abstracts/papers to the conference secretariat electronically through InCoSci-Tech3 Online Submission System (new online submission form will be created for the proposed session). All papers submission will be immediately transferred to the SS organizer. For author's reference, the Guidelines to Authors is provided.

6). Review/Acceptance:
The SS organizers have the authority and responsibility to solicit, review, and decide the final acceptance of papers that he invites.

7). Support:
In case of successful organization by at least 6 registered authors, SS organizer will be provided a registration fee exemption.
